

Urgent Notice to the Public

It is the public knowledge that the Eritrean Bayto DMV Unity Task Force has been relentlessly working towards the formation of its Bayto on March 14, 2020. Unfortunately, due to the Coronavirus threat the planned public meeting scheduled for March 14, 2020 has been cancelled for the safety of all of us. Considering the prevailing situation, the Task Force had called an emergency meeting on March 12, 2020 and have passed the following resolutions.

1. The Task Force will continue working hard until the formation of the Eritrean Bayto DMV.
2. The intended formation of Eritrean Bayto DMV is to represent all DMV residents and the current Constitution will be open for amendments based on the suggestions came from the experts upon reviewing the Constitution to reflect the desires of the entire DMV public.
3. Based on the amended Constitution a corresponding new Bylaws will be drafted.
4. The drafted amended Constitution and the new Bylaws will be translated in three languages; Arabic, Tigrinya and English and will be disseminated to the public for their review and understanding. For this purpose, a public meeting will be organized either physically or virtually to discuss in detail and the session will be educative, informative and clarify issues of common concern, with the public input the documents will get improved.
5. The Task Force will closely monitor the developments of the Coronavirus and when the drafted Constitution and Bylaws are ready – the Task Force will call for a public meeting where we shall all come together to debate and ratify the Constitution and Bylaws. On the same day, we shall elect our representatives based on the revised Organizational Structure.
6. All residents of the DMV are invited to join the already created sub-groups or other sub-groups, if the need arises. This is a golden opportunity for all of us to work seriously to address the diversity issues we have at hand and the Task Force will work hard virtually to bring every stakeholder on Board. However, we call everyone to play his/her part.
7. The Task Force is following a democratic process and when issues of disagreement arise either within it or during public meetings; decisions will be made based on the majority rule. The subject of our discussion is never an individual – it is the idea and we have the right to counter the idea and the best idea accepted by the majority should be decided to move forward. As justice seekers we need to respect each other – this is the critical element to our Unity.
8. For the Task Force to fulfill its duties successfully, we need your active participation and we have full trust on you. We shall do everything in a transparent and accountable manner and your concerns and ideas are always welcomed and do not hesitate to forward them. Let's join hands and move forward to realize the formation of our Eritrean Bayto DMV soon.

Keep safe, your health our priority!!!

The Eritrean Bayto DMV Unity Task Force
